## PURPOSE

Ashley Park Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated.

- make clear that all forms of bullying at Ashley Park Primary School will not be tolerated
- outline the strategies and programs in place at Ashley Park Primary School to build a positive school culture and prevent bullying behaviour
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and accept responsibility to report bullying behaviour to school staff

- ensure that support is provided to students who may be affected by bullying behaviour (including targets, bystanders and students engaging in bullying behaviour)
- seek parental and peer group support in addressing and preventing bullying behaviour at Ashley Park Primary School.

When responding to bullying behaviour, Ashley Park Primary School aims to:

- be proportionate, consistent and responsive
- find a constructive and positive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved.

Ashley Park Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

## SCOPE

This policy addresses how Ashley Park Primary School aims to prevent and respond to student bullying behaviour. Ashley Park Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our *Statement of Values and School Philosophy, Student Wellbeing and Engagement Policy, Inclusion and Diversity Policy* and *Equal Opportunity Policy*.

This policy applies to all school activities, including camps and excursions.

## POLICY

### Definitions

#### **Bullying**

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

*Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.*

*Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)*

*Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.*

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

*Cyberbullying* is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

#### **Other distressing behaviours**

Many distressing behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the *Student Wellbeing and Engagement Policy*.

*Mutual conflict* involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

*Social rejection or dislike* is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

*Single-episode acts* of harassment, nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Ashley Park Primary School will use its *Student Wellbeing and Engagement Policy* to guide a response to single episodes of nastiness or physical aggression.

*Harassment* is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our *Inclusion and Diversity Policy*. Harassment of any kind will not be tolerated at Ashley Park Primary School and may have serious consequences for students engaging in this behaviour. Ashley Park Primary School will use its *Student Wellbeing and Engagement Policy* to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this *Bullying Prevention Policy*.

## BULLYING PREVENTION

Ashley Park Primary School has a number of school developed programs and strategies based on the personal and social capability in the Victorian Curriculum in place to build a positive and inclusive school culture. Our wellbeing teaching and learning program incorporates KidsMatter, The Resilience Project, Resilience, Rights and Respectful Relationships and the Zones of Regulation. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Ashley Park Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate management strategies that discourage bullying and promote positive behaviour.
- Teachers will participate in professional learning modules, provided through the Australian Student Wellbeing Framework on the Student Wellbeing Hub website.
- In our learning communities, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- We seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive way.
- Students are encouraged to look out for each other and to talk to teachers about any bullying they have experienced or witnessed.
- We participate in the National Day of Action against Bullying and Violence.

For further information about our engagement and wellbeing initiatives, please see our *Student Wellbeing and Engagement* policy.

## INCIDENT RESPONSE

### Reporting concerns to Ashley Park Primary School

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Ashley Park Primary School are timely and appropriate in the circumstances.

We encourage students to speak to their community teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, Assistant Principal, Principal, Education Support Staff and the School Chaplain.

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour at Ashley Park Primary School should contact their child's community teacher and or the Assistant Principal/Principal by phone on 8776 0200 or by email directed to [ashley.park.ps@education.vic.gov.au](mailto:ashley.park.ps@education.vic.gov.au)

### Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations and
2. inform other teachers in the community, Principal and/or Assistant Principal.

The Principal and/or Assistant Principal is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, they may:

- speak to the students involved in the allegations, including the target/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications with the Principal and/or Assistant Principal in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: Brodie's Law.

### Responses to bullying behaviours

When the Principal and/or Assistant Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with community teachers, whole school staff, the School Chaplain and the Department of Education and Training School Support Services (SSS) staff.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Ashley Park Primary School will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in the bullying behaviour or students have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in the bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The Principal and/or Assistant Principal may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the target student or students, including referral to the School Chaplain and SSS
- Offer counselling support to the students engaging in bullying behaviour, including referral to the School Chaplain and SSS
- Offer counselling support to affected students, including witnesses and/or friends of the target student, including referral to the School Chaplain and SSS
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a process using the Support Group Method, involving the target student(s), the students engaging in bullying behaviour and a group of students who are likely to be supportive of the target(s).
- Implement a Method of Shared Concern process with all students involved in the bullying.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan restricting contact between target and students engaging in bullying behaviour.
- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including student social skills groups facilitated by the School Chaplain
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement community group targeted strategies to reinforce positive behaviours, for example through our school wellbeing program, token system and our school values.
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our *Student Wellbeing and Engagement policy*, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.

Ashley Park Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

The Principal and/or Assistant Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.
